

FOUR WEEKS IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 2844 W. 12th St., Cleveland, Ohio.

FRECKLES Now is the time to get rid of these. There is no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is a fact that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

Dangers of Watered Coffee

Watered stock, watered milk, and watered coffee—the United States Government is carrying on a crusade to eliminate all three.

Everyone knows about watered stock. Everyone has seen "blue milk," the combined efforts of a cow and the old pump. But not everyone is on his guard against "watered coffee."

That the United States Government realizes the danger of watered coffee is shown by the specifications for the United States Army supplies. These specifications say plainly:

"Coffee: roasts must be 'dry' roasts, no water being permitted before, during or after the process of roasting."

Water in coffee is a piece of dishonesty practiced by unscrupulous coffee roasters. They turn the hose on the coffee while it is being roasted, so that it won't lose weight, as coffee will, when properly roasted. In roasting, coffee should lose about 16% of its weight. If it is watered it loses but 4%. The difference, of course, is water, for which you pay coffee value.

This is adulteration and nothing more. The water-logged coffee is rank and unhealthy. Of course, it is not honest to charge for coffee, and sell coffee beans soaked in water.

A lot of watered coffee is being sold no doubt right in this town. It is more often met with in the lower priced grades of bulk coffee.

As coffee is such an important beverage, pure food authorities are advising housewives to use the greatest care in selecting their coffee. The pure food experts say that the best way to avoid watered coffee is to buy some reliable packaged brand, roasted by a reputable coffee roaster, such as Arbuckle Brothers of New York.—Adv.

LIFT YOUR CORNS OFF WITH FINGERS How to loosen a tender corn or callus so it lifts out without pain.

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug dries at once and simply shrivels up the corn or callus without even irritating the surrounding skin.

A small bottle of freezone obtained at any drug store will cost very little but will positively remove every hard or soft corn or callus from one's feet.

If your druggist hasn't stocked this new drug yet, tell him to get a small bottle of freezone for you from his wholesale drug house.—adv.

FARM POULTRY

MASH FOR FATTENING DUCKS

Mixture of Cornmeal, Wheat Shorts, Cottonseed Meal, Salt and Gravel Is Recommended.

A mash that will fatten young ducks and make mature ducks lay is recommended as follows. This mash may be fed throughout the year. It is made as follows:

Cornmeal 50 lbs
Wheat shorts 50 lbs
Cottonseed meal 15 lbs
Ground lime rock (fertilizer lime, not caustic) 2 1/2 lbs
Sharp gravel or sand 2 lbs
Fine table salt 1/2 lb

Total 120 lbs

On the large duck farms they add about 10 per cent cut green or steamed alfalfa or clover hay, grass, rape, cooked small potatoes, turnips or similar vegetables. The green stuff is not necessary when ducks are on a green range, but it is beneficial even then that it adds bulk, variety and greater palatability.

Mix the mash with water or sour skim milk or buttermilk to a crumbly moist condition and feed twice daily what the ducks will eat in 20 minutes.

Give a light feed of whole corn at noon. Place water in a wooden trough or galvanized iron vessel with a larger bottom than top. Have the water deep enough to reach above the nostrils and give the ducks an opportunity to clean out their nostrils in the water.

SQUABS RAISED FOR MARKET

Birds Should Be Graded According to Size and Quality—Pack in Cracked Ice, Breasts Up.

Squabs should be graded according to size and quality, as dark-colored and small squabs tend to lower the price paid for an entire shipment of mixed squabs. They are usually packed for shipment in a good supply of cracked ice, breasts up, with paraffin paper between each layer of ice and squabs. Some express companies have a special rate for squab shipments, which should be secured wherever possible. The express charges on small shipments of squabs reduce the profit materially, making it difficult to sell the squabs from a small flock at a profit if they have to be shipped to commission men. As the period at which a squab is right for market is not over one week, it is necessary to have a good-sized flock to have over one dozen squabs ready for market at

one time. A local market which will take any number of squabs is a great aid to the small producer. Where one has a small flock it usually pays best to build it up until it is large enough to make good-sized shipments of squabs. This, however, requires a constant outlay without any return, for some time.

The production of squabs from each pair of breeders varies from one or two to as high as ten or eleven pairs a year, but an average of from six to seven pairs is a fair estimate, although some squab breeders do better than this. Squabs usually sell at the highest prices during cold weather, as pigeons do not breed as freely during the winter as during the spring.

TREAT CHOLERA IN TURKEYS

All Fowls Which Show Symptoms of Disease Should Be Separated—Give Sulpho-Naphthol.

The word is used to cover a number of intestinal disorders, but cholera is a contagious germ disease and is practically incurable. Since all birds which show any symptoms of the disease in a house remote from other poultry buildings and one which can be easily and thoroughly disinfected. Give the birds a few drops of creolin or sulpho-naphthol in their drinking water, just enough to turn it faintly milky. Give the birds a one-thousandth of a grain tablet of corrosive sublimate every three hours. Feed sparingly on soft easily digested food. All badly affected birds should be killed by a blow on the head without drawing blood, and then buried.

Rake up and burn all litter used in the house and runs occupied by infected birds. Spray the runs and all parts of the building with creolin or sulpho-naphthol solution, one tablespoonful to two gallons of water. The runs should also be plowed frequently.

DANGEROUS CALOMEL IS SELDOM SOLD NOW

Calomel Salivates! It Makes You Sick and You Lose a Day's Work—Dodson's Liver Tone Acts Better Than Calomel and Is Harmless for Men, Women, Children—Read Guarantee!

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large family-sized bottle costs only 50 cents and if you find it doesn't take the place of dangerous, salivating calomel you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no sick headache, biliousness, ague,

sour stomach or clogged bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach regulated. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach. Adv.
